

Full-Time Math Teacher/Department Head

Explorer West Middle School, a coeducational day school of approximately 95 students in grades 6-8, located in West Seattle, WA, is seeking full-time applicants to teach five sections of Math, beginning in August, 2013.

The ideal candidate will have the following:

- At least six years classroom experience, with the primary focus on middle school Math
- Degree in teaching (BA, BS or MA, MS) with math teaching certification or degree in Math education
- Excellent organizational skills
- Proven skill at working with parents
- Good mentoring skills with adolescents

Because Explorer West has a strong Outdoor Education program, a desire to participate in the outdoor program is a plus, but not a requirement of the position.

A completed application packet consists of:

- A current resume
- A separate cover letter which must fully address the following:
 - Discuss how your skills and experience qualify you for teaching middle school Math at each grade level and for heading a middle school Math department
 - Give examples of how you show differentiation of instruction within each grade level
 - Explain how your personal teaching philosophy aligns with the mission and values of Explorer West Middle School

Email your completed application packet to Debbie Ehri, Business Manager, at debbie@explorer-west.org.

This position starts August, 2013.
