Family Visit Information

Family Visits begin on October 2nd and continue through January 10th and are scheduled Monday through Thursdays from 8:45 to 11:45 am. Visits include the applicant and one or more of their parents or guardians.

Applicants are matched with a host and visit classes. During the visit, applicants will have an interview with a staff or faculty member, take a short math assessment, and complete a writing sample. Please inform your child about the interview and applicant assessment ahead of time. This assessment helps us understand what level of math and writing your student has mastered. Students will be given no more than 45 minutes to complete the assessments. At that time, we will gather what the student has completed and the student will return to class with their host.

Parents receive a tour and observe classes. Parents will meet the Director of Admissions and the Head of School and have an opportunity to ask questions about our programs and the admissions process. The goal of this part of the visit is for families to decide if their educational goals and values match well with Explorer West.

Please note: The Family Visit, the interview, the math assessment, and writing sample are required parts of a complete application. Therefore, the **Family Visit must be completed by January 10th, for an application to be considered complete and on time.**
